Dutch dialogue.

On the other hand, the goal of deepening the dialogue between China and the Netherlands is a key driving force behind this exhibition project. In this exhibition, Three Shadows will also present the award-winning photography books published by six Dutch publishing houses and other institutions, lent by the Cultural Office of the Embassy of the Kingdom of the Netherlands in China. During the exhibition period, Three Shadows will also carry out online and offline sharing and discussions on topics such as education, publishing and institutional practice of Dutch photography.

"Imagine Holland" is a special project in the cultural field launched by the Dutch Embassy in China for the 50th anniversary of the establishment of diplomatic relations between China and the Netherlands in 2022. It is co-curated by Chinese curator He Yining and Dutch curator Lu Xiaoben. After two years of preparation, the exhibition was presented for the first time at the Shanghai Photography Art Center in August this year, and will tour to Three Shadows Photography Art Center (Beijing) from December 16, 2022. Three Shadows sincerely invites you to come to Caochangdi, experience the diverse perspectives of photographers in different contexts, and start a visual dialogue with the Netherlands with us. It is worth pointing out that this exhibition is a response to the 2020 Breda Photography Festival "Imagine China", showing the continuous dialogue and exchange in the field of photography art between China and the Netherlands.
